Subject: Communications Regarding Paraquat

As you are aware, Syngenta is in the process of analyzing the available data regarding an alleged association between exposure to Paraquat and Parkinson's Disease. While this analysis continues, it is critical that any written communications, including email, regarding this issue be kept to a minimum. Written communications should be factual in nature. Speculation and opinion should be avoided.

Please do not copy or circulate this memorandum further but instead brief verbally, on an individual basis, any of your staff who are involved in this issue, on the messages contained in this memorandum.

Should you have any questions or wish to discuss this matter, please do not hesitate to contact me or Alan Nadel.

A handwritten signature in black ink, appearing to read "Jonathan D. Sullivan".

JONATHAN D. SULLIVAN
